TOTAL DOCUMENT SOLUTIONS

F110/F111

FLEXIBLE FAXING WITH
MULTIPLE FEATURES

Flexible, convenient faxing for your office

Achieving the most efficient document communication within your workgroup requires optimum productivity from every device. With the Nashuatec F110 and F111, you will enjoy reliable performance from a compact, easy-to-use fax machine.

These productive faxes will fit into the smallest offices and be ready to use immediately. The standalone F110 provides straightforward faxing, whilst the F111 offers additional functionality for occasional printing and colour scanning needs.

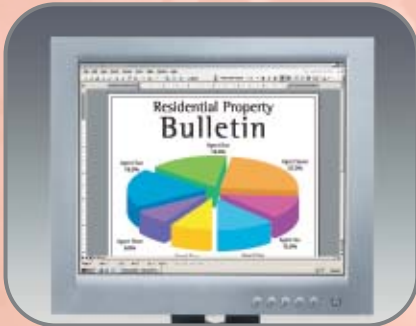

Ideal for small businesses and workgroups, the F110 and F111 offer the perfect solution for low-cost, flexible fax requirements.

Nashuatec's unique approach links people with knowledge and expertise, combining our wide experience of innovative, document related Products and Software Solutions with our world class Business and Professional Services to deliver the best Total Document Solutions for your business.

Create great looking documents with the ability to scan in full colour on the F111

Multifunctional capabilities that allow you to fax, print and colour scan on the F111

High speed, cost-effective faxing

Enjoy fast faxing with the Nashuatec F110 and F111. Ideal for small businesses, offices or workgroups, these devices offer efficient document communication with quick and easy operation. With the All-in-One cartridge the cost-per-page is kept competitive and replacement is straightforward with minimal disruption.

Easy installation and integration

Simple to set up and use, these fax devices will fit perfectly into any working area, with their compact, space-saving design. Quality printing and colour scanning are available at true 600dpi with the F111, when connected to a PC through the standard USB 2.0 interface. An even faster operation is guaranteed with the device's memory, which gives you flexible options for accessing your contacts. You can store your most frequently-used numbers for quick, speed or group dialling.

Fax with confidence

Receive your faxes exactly when you need them with fast 16 pages per minute (ppm) output. Outbound documents are also sent quickly, with a 2.5 second transmission time.

Convenient print and scan

Enjoy multifunctional capability with the F111, with full colour scanning and black and white printing at 16ppm, when connected to a PC. Plus, for flexible document control, you can print from or scan to your UBS memory device for immediate results.

Highly productive for your office

Maximize available uptime with the easily-maintained F110 and F111. Productivity is enhanced with the large paper and Automatic Document Feeder (ADF) capacities, and the 2MB internal memory has capacity for up to 125 sheets – more than enough for the majority of business users.

In Harmony with the Environment

Our products are designed to be kinder to the environment. We are committed to developing technologies that conserve energy and help prevent global warming. Our aim is to reduce the impact on the global environment, whilst continuing to enhance user comfort levels. Both the F110 and F111 offer easy-to-use energy saving features such as a power save mode to reduce power consumption.

Outstanding Software and Services

Improving productivity, workflow efficiency and cost control is easy with the Nashuatec F110 and F111. Designed to add value and ensure our devices operate seamlessly and reliably, we cover every aspect of your business from document management, network control and consultancy, to training and unrivalled support.
